EUSAiR

BRIDGING INNOVATION AND COMPLIANCE IN AI

Join us in Building the Future of AI in Europe!

www.eusair-project.eu

What is EUSAiR's mission?

- **Boost AI innovation** – Making compliance easier so startups can focus on innovation.
- **Create a harmonised system** – Establishing a clear and unified approach to AI sandboxes across the EU.
- **Support AI startups & businesses** – Supporting them navigate regulations and bring AI solutions to market faster.
- **Train regulators & policymakers** – Providing tools and knowledge to oversee AI confidently.

For whom?

- **AI Startups & SMEs** – Accelerate market entry with fewer regulatory hurdles.
- **Policymakers & Regulators** – Gain insights and training to shape AI governance effectively.
- **Industry Leaders & Researchers** – Collaborate to build a stronger AI ecosystem in Europe.
