EUSAiR
BRIDGING INNOVATION AND COMPLIANCE IN AI

What is our mission?

EUSAiR is building a harmonised and innovative AI regulatory sandbox system across Europe, advancing AI compliance in a way that is easier, safer, and more accessible for everyone.

How?

- **Supporting AI innovation**
  Helping startups and businesses test AI solutions before market entry
- **Simplifying compliance**
  Reducing regulatory barriers and cutting through red tap
- **Connecting AI leaders & regulators**
  Creating a collaborative space for AI development
- **Training policymakers**
  Empowering regulatory authorities to oversee AI confidently

Why EUSAiR?

- Faster AI market entry
- Safer & fair AI regulations
- Seamless collaboration between innovators & policymakers
- A unified AI sandbox system across all EU countries
